Larger School Building to Care for Hundreds of Smaller Children May Be Built.

[Special to The Times-Dispatch.] HARRISONBURG, Va., Jan. 22.—The board of the city of Harrisonburg, last night at a mass-meeting held in the city hall, voted to back up the city council in making a bond issue for the purpose of building a new school building to care for the hundreds of smaller children who are now being crowded into the existing school buildings. The city fathers had delayed building on the grounds that they did not believe the citizens generally would support either increased taxes or a bond issue. Advocates of a new school building expressed their belief that the city is now in a position to make a bond issue looking toward relief of the situation.

The city is also in need of additional water supply. It was noted that there was evidence of a division of opinion as to which should receive the first consideration from the council, the schools or the water supply.

Several hundred citizens were in attendance at the meeting which was held in the banquet hall of the Masonic Temple building. The meeting was held under the auspices of the Chamber of Commerce.

DANVILLE MARKET FULL OF TOBACCO ALL WEEK

Prices Received Up to Saturday Regarded as Satisfactory, Judging From Receipts.

DANVILLE, Va., Jan. 22.—Prices received by farmers for tobacco sold during the week ending January 15, were satisfactory. As evidence of this, the market has been full of tobacco this week. When breaks are full, it necessarily means a large percentage of tobacco fresh from farmers' hands in the offerings, and this class is more eagerly sought after. A large quantity of common tobacco shipped from adjacent markets has been noticed on the sales, and when this is considered, as well as the fact that the general quality of the offerings is not so good as before the holidays, it is believed by many that the local farmers received probably the highest price that has prevailed in the crop. The general average is \$2.32 higher than last week. Figures follow: Total pounds sold, 2,530,659, average \$21.87 amount paid out, \$54,926.74. Sales for last week, 1,624,209 pounds, average, \$25.87 amount paid out, \$41,907.24.
